

**IMPORTANT:**

**Manufacturer is not responsible for negligent use of vehicle with Skid Plate installed, including over-tightening of screws and bolts causing damage to vehicle or Skid Plate.**

**INSTALLATION INSTRUCTIONS**

<u>PARTS</u>	
(1) Skid Plate	Part # 701450

1. Loosen and remove the two factory hex bolts, #1, #2 (see picture 1, 2).
2. Put the Skid Plate (PRECISION to the outside) in place; use the factory bolts to secure. Be sure you torque down both bolts!
